Material Safety Data Sheet
P442  Mold Release Agent

Copied and/or downloading of this information for the purpose of properly utilizing Stoner Inc. product is allowed provided that: (1) the
information is copied in full with no changes unless prior agreement is obtained from Stoner Inc., & (2) neither the copy nor the original is
resold or otherwise distributed with intention of earning profit thereon.

1. CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

3. HAZARDS IDENTIFICATION

POTENTIAL ACUTE [single or short term] HEALTH EFFECTS OF OVEREXPOSURE
Eye: May cause eye irritation. Symptoms may include stinging, tearing, and redness.
Skin: Skin contact may cause irritation.
Ingestion: May be harmful if swallowed. If swallowed symptoms may include: Gastrointestinal irritation (such as nausea, vomiting, and diarrhea).
Inhalation: When heated to temperatures above 150°C in the presence of air, one of the ingredients in this product can form formaldehyde vapors. Formaldehyde vapor is harmful by inhalation; irritating to eyes; sensitizer to the respiratory system; an acute toxicant and a potential cancer hazard at concentrations greater than 0.75 ppm. Inhalation can cause nose, throat, and respiratory tract irritation, coughing and headache.

POTENTIAL CHRONIC [long term] HEALTH EFFECTS OF OVEREXPOSURE
General Effects: Adverse liver and reproductive effects reported in animals.
Cancer Information: THIS PRODUCT CONTAINS NO COMPONENTS LISTED AS CARCINOGENIC BY IARC, NTP, OR OSHA 1910(Z)
Mutagenicity: No data available to indicate product or any components present at greater than 0.1% is mutagenic or genotoxic.

MEDICAL CONDITIONS AGGRAVATED BY OVEREXPOSURE:
May aggravate liver and kidney.

HMIS® III HAZARDOUS WARNINGS:
Health: 1 Flammability: 0 Physical: 0 Personal Protective Equipment: See Section 8
* See www.paint.org/hmis or call the NPCA at 1 (202) 462-6272 for more information on this current rating system.

4. FIRST AID MEASURES

Eyes: Immediately flush eyes gently with plenty of water for at least 15 minutes while holding eyelids apart. If symptoms persist or there is visual difficulty, seek medical attention.
Skin Contact: In case of contact, immediately wash contaminated area with plenty of water for at least 15 minutes. Seek medical attention if symptoms persist. Seek medical attention if symptoms persist. Wash clothing before reuse.
Ingestion: Contact a physician, medical facility, or poison control center immediately.
Inhalation: Remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen.
NOTES TO PHYSICIAN: Treatment is symptomatic and supportive.

5. FIRE FIGHTING MEASURES

Fire and/or Explosion Hazards: Product is predominately water, and is not flammable. The solid ingredients are difficult to ignite. Hazardous decomposition products may be formed (see Sec.10).
Fire Fighting Instructions: Use water spray, foam, dry chemical, or CO2. Water is generally not effective and may spread fire; however, water spray may be used from a safe distance to cool closed containers and protect surrounding area. Fire fighters should wear normal protective equipment and positive-pressure self-contained breathing apparatus.
Flash Point: None°F PMCC
Lower Flammability Limit: None°C PMCC
Upper Flammability Limit: None data available
Autoignition Temperature: No data available

6. ACCIDENTAL RELEASE MEASURES

STEPS TO BE TAKEN IF MATERIAL IS RELEASED OR SPILLED:
Wear appropriate personal protective equipment (PPE). Stop or reduce discharge if it can be done safely. Avoid run-off into storm sewers and ditches which may lead to natural waterways. Clean up with absorbent material. Place absorbent materials into container and close it tightly. Dispose of container properly.

7. HANDLING AND STORAGE

Handling: Normal precautions common to safe manufacturing practice should be followed in handling and storage. Avoid contact with eyes. Spilled material is quite slippery. Avoid prolonged or repeated breathing of vapor. Avoid prolonged or repeated contact with skin.
Storage: Keep container tightly closed when not in use. Store in a cool, dry, well ventilated area away from all sources of ignition. Keep from extreme temperatures. Keep from freezing. Do not store at temperatures above 80 degrees F.
8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls: Ventilation should be adequate to prevent exposures above the limits indicated in "Section 2" of this MSDS (from known, suspected or apparent adverse effects).

Eye Protection: Wear chemically resistant safety glasses with side shields when handling this product. Wear additional eye protection such as chemical splash goggles and/or face shield when the possibility exists for eye contact with splashing or spraying liquid or airborne material. Do not wear contact lenses. Have an eye wash station available.

Skin Protection: The use of chemically resistant gloves is recommended if there is any possibility of prolonged or repeated liquid contact with skin.

Respiratory Protection: No respiratory protection required under normal conditions of use.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State: Bulk liquid
Appearance: Milky White Clear Colorless White Straw yellow
Odor: None to very faint
Specific Gravity: 1.00 (H2O=1)
Vapor Pressure: Not Applicable PSIG @ 70°F
Physical State: Bulk liquid
Vapor Density: [air = 1] 0.98
Evaporation Rate: 0.02-0.1 (n-Butyl acetate = 1)
Solubility in Water: Complete; 100%
Boiling Point: 212°F
pH: Not applicable

10. STABILITY AND REACTIVITY

Chemical Stability: Stable.
Conditions to Avoid: None known.
Decomposition Products: Burning can produce the following combustion products: Carbon dioxide and carbon monoxide. Oxides of siloxanes. Formaldehyde.

11. DISPOSAL CONSIDERATIONS

Disposal: Dispose according to Federal, State and local regulations.

13. REGULATORY INFORMATION

Warning: This product contains the following chemicals that are subject to reporting requirements for the following regulatory bodies listed below:

COMPONENT | CAS # | % BY WEIGHT | Regulatory Body
-----------|-------|-------------|----------------|
No components listed in this section.

Warning: This product may contain chemicals known to the State of California to cause cancer. See list below.
No components listed in this section.

Warning: This product may contain chemicals known to the State of California to cause birth defects. See list below.
No components listed in this section.

All components of this product are listed on the TSCA inventory.

This information contained in this MSDS is believed to be accurate as of the version date, but is not warranted to be. Since the use of this information and the conditions of use of this product are not within the control of Stoner Inc, it is the user’s obligation to determine the conditions of safe use.
