

**Clean all types of energized equipment with Stoner's**

# Spray Anyway GUST 360° Duster

*Ideal for reaching tight spaces when cleaning powered equipment. Even sprays upside down without "frosting."*

## ► Stoner Spray Anyway GUST 360° Duster

94201 Spray Anyway GUST 360° is a time saving cleaning tool that quickly blasts away dust, dirt, lint, hair, sand, sawdust, moisture and microscopic debris from energized equipment. GUST is like a portable air compressor you can hold in your hand.

GUST's special no-frost, "SPRAY ANYWAY" valve lets you spray from any angle even upside down without frosting (expelling contents as a liquid). GUST contains 100% pure tetrafluoroethane. Non-flammable and non-ozone depleting.

Dust with GUST to repair intermittent problems with energized stereos, TVs, and VCRs that may be caused by dust.

Dust with GUST to quickly clean energized camcorders, sewing machines, RC vehicles, and other energized equipment.

Dust with GUST to clean and repair energized keyboards, printers, computers, copiers, faxes, phones, and other energized equipment.

Dust with GUST to precisely clean energized instruments and sensitive instrumentation.

## ► Product Benefits

- Contains 8 oz. of 100% pure tetrafluoroethane.
- Blasting power exceeds 80 psi.
- Non-flammable, non-ozone depleting, and filtered to 0.2 microns.

**Note:** *For use on energized equipment only.*
