

Stoner® A350 Electro Flush Contact Cleaner

Product Description

Stoner® A350 Electro Flush Contact Cleaner contains powerful cleaning agents to loosen and remove grease, oil, dirt, dust, and other residue from electrical assemblies. Designed for heavy duty cleaning in electronic manufacturing, bench repair, and field service applications.

This high strength cleaner is NOT designed for use on solvent sensitive materials or coatings. Electro Flush Contact Cleaner is NOT intended for use on energized equipment.

A350 Electro Flush Contact Cleaner ADVANTAGES:

- Our most economical contact cleaner.
- Evaporates quickly and leaves no residue.
- Contains no chlorinated solvents such as 1,1,1 trichloroethane or methylene chloride.
- Contains non-CFC cleaning solvent.

Uses

Stoner® A350 Electro Flush Contact Cleaner is ideal for use on:

- | | |
|-----------------------------|-----------------------|
| • Plastic embedded contacts | • Electronic controls |
| • Electrical panels | • Potentiometers |
| • Circuit breakers | • Metal contacts |
| • Fuse blocks | • Relays |

Direction for Use

Recommended Procedure

DEACTIVATE ALL ELECTRICAL EQUIPMENT BEFORE USE. Shake well before using. Hold can upright and 8 to 10 inches from surface to be sprayed. Apply as needed to loosen and flush away contaminants. Difficult areas may require a second application or scrubbing with brush or towel. Allow excess to air dry or wipe dry with towel before re-energizing. Do not spray on polycarbonate plastics or other solvent-sensitive materials. Always test on materials before using.

Storage and Handling

Use only in well ventilated area. Do not puncture or incinerate container. Contains gas under pressure. Do not expose container to heat or store at temperatures above 120 °F. Keep container away from and do not use near sparks, open flame, heated surfaces, or other ignition sources.

Packaging

Stoner® A350 Electro Flush Contact Cleaner is available in:

- 12-can case of 12 oz cans
- Part # A350
