

**Stoner****Stoner®  
GUST Easy Dusters**

## Field Technicians Prefer Stoner GUST Easy Dusters for Their Critical Cleaning Applications

With GUST, you get a blast of extremely clean, filtered, moisture-free, high pressure gas that will not scratch or harm glass, optics, metals, plastics, rubber, or hardware when used as directed.

**Trial Results:** After reaching out to a field service company through an industry respected association, Stoner obtained an invitation to trial GUST. Following trial, the feedback was:

- Operators preferred working with GUST because it maintains higher pressure longer.
- GUST saved the manufacturer field time and money while keeping by reducing maintenance

Stoner Gust is portable, ideal for the traveling technician.

**Easy Duster Opportunity:** GUST to clean keyboards, printers, computers, cameras, audio gear, appliances, power tools, or anywhere dust collects. Also works well maintaining cash ATM kiosks or paper receipt rollers.
