Clean & remove sticky, oily, gummy, or waxy stuff with Stoner's

XENIT Natural Citrus Cleaner & Remover

► Stoner XENIT Natural Citrus Cleaner & Remover

94213 XENIT Natural Cleaner & Remover quickly and easily removes adhesives, tar, and gum, grease, labels, ink, permanent marker, and more. It even removes dried latex paint if accidentally dripped on carpet, flooring, or furniture.

XENIT's proprietary formulation does NOT contain soap or water. What it does contain is a combination of high-performance ingredients such as Citrus 66, an all natural, highly refined extract of citrus fruit. Unlike most water-based cleaning agents that are designed to lift and carry dirt, XENIT is specially formulated to break down the complex molecules found in sticky materials. This unique MicroActive cleaning action gives XENIT unequaled abilities to loosen and dissolve difficult grime like tar, grease, gum -- even adhesives.

XENIT is formulated to evaporate and dry completely, leaving behind no sticky residues or streaky soaps. It even contains a disinfectant to help kill germs and eliminate odors. All that's left behind is a pleasant orange scent and no nasty solvent smell.

Product Benefits

- Quickly removes labels, decals, and adhesives from glass, wood, vinyl, and metals.
- Contains no soap or water.
- Proprietary formula containing Citrus 66™.
